LIGHTS FOR CHRISTMAS

QUAL COMPANY STRAINING EFFORT
TO GET PLANT GOING

MACHINERY ALL HERE

Installation of Generating Plant Now
Nearly Completed and Wiring of Pole
Line Only Remains to be Done—Will
Have Lights for Christmas Trade.

The news that Frank will have
electric lights inside of two weeks
will be good news to the business
men of the town. The Canadian-
American company is straining every
effort to get the new plant completed
and in operation at the earliest pos-
sible day with the result that the
present indications are that the lights
will be turned on inside of two weeks.
It is the purpose of the company to
afford the merchants of the town the
lights for the holiday trade and to
achieve that end no effort is being
spared.

The work of re-setting the pole line
and placing the cross arms was com-
pleted last week and the engine was
also placed while the house for the
plant is practically complete. The
generator arrived the first of the
week and is now being installed.
The company now only awaits the
arrival of the wire which is expected
any day. Should it arrive in time
the whole system will be in opera-
tion before Christmas, but in the
event of a delay in the coming of
the wire, old wire will be strung
efficiently to enable the current to
be turned on for the benefit of the
business houses of the town for the
holiday season. Engineer Lloyd is
very confident of being able to turn
on the light for that time.

The system when completed will
be one of the best in the west. Every
unit in connection with it is the very
best and most modern known. The
capacity of the plant will be 150
lights which will not be sufficient
for the needs of Frank for some
time.

CANADA AT A.T.P. EXPOSITION

The government of Canada will
construct a building at the Alaska-
Yukon Pacific Exposition to be held
in Seattle June 1 to October 16, 1909,
inclusive, covering a ground space of
300 by 150 feet.

Wm. Hutchinson, Canadian exhi-
bition commissioner, who is now in
London, has been notified by the
Canadian government to leave for
Seattle as soon as possible to select
the site and make arrangements for
the construction of the building. It
has been definitely known for some
time that the government of Canada
would participate in the big fair, but
this is the first official information
regarding the scope of the plans.

In letter to President J. E. Chil-
berg, Commissioner Hutchinson
states that it will not be possible for
him to leave London before January
1, and requests the exposition man-
agement to select a site that would
be best available for Canada. He
also requests grand plans of the ex-
position in order that the outline of
the building may be worked out be-
fore his arrival in Seattle.

The announcement that the gov-
ernment of Canada will be represent-
ed on such a large scale as the size
of the site desired indicates, has
aroused general interest throughout
the state of Washington. It is ap-
parently the intention to make a
complete exhibit of all the varied
resources of Canada and the building
will also house the display from the
Yukon territory. The space which
it is proposed to cover will be the
largest occupied by any one building
on the grounds.

The Canadian exhibit will include
a display of its agriculture and hor-
ticulture. Its mining resources will
be shown and special attention will
be given to displaying and some of
the finest stock in the world will be
shown in this display.

In his letter Commissioner Hatch-
son states that the work of collect-
ing the various exhibits has been un-
der way for several months and the
entire exhibit will be completed three
months in advance of the opening of
the exposition.

SERIOUS OFFENSE CHARGED

Magistrates Martin and Sandvige
were called upon Wednesday to hear
charges laid against Wm. Pestak
by Mrs. Hohendorf, that of
threatening to burn her home and
intimidation. It appears Pestak had
trouble with Mrs. Hohendorf's hus-
band a few days before in which
Hohendorf assaulted him and during
the melee broke a window of a busi-
ness place. Pestak complained to
the police but Hohendorf got out of
town before he could be apprehended.
Pestak in Mrs. Hohendorf is
Lang's store later and the two en-
gaged in a war of words which re-
sulted in Mrs. Hohendorf laying a
charge of intimidation and another
of threatening to commit arson.
Pestak pleaded guilty before Justice
Martin to the charge of using threat-
ening language and was fined \$10
and costs and the two magistrates
set the case of intimidation. The
result of this case was that one jus-
tice found for the defendant and the
other for the prosecution and in con-
sequence there will likely be a re-trial.

BELLEVUE NEWS

A girl baby was born Tuesday to
the wife of Peter Garella.

Quite a blaze was caused in Twp
Hall one night this week by the light-
ing of a lamp. For a time the build-
ing was threatened but those pres-
ent succeeded in beating out the fire
with much.

A very successful dance was given
Monday evening by the Bellevue
orchestra. A specialty of the even-
ing which was much enjoyed was
the playing by Prof. E. T. Kerr,
leader of one of his own arrange-
ments, a waltz medley.

A dance will be given at Hillcrest
hall Saturday evening by Mrs. Budd,
formerly of Bellevue.

Bellevue people would like to see
something done to make the road
crossing of the railroad at Hillcrest
junction safer. At present it is
extremely dangerous as trains from
the west cannot be seen and as they
run without steam and almost
noiseless, drivers often find them-
selves in a serious predicament. Two
ad accidents were narrowly averted
recently.

The debating club discussed a pa-
per on "The Origin of Socialism" by
J. E. Reval at its last meeting. The
debate was led by the Rev. Taylor
and Joseph Robertson. No decision
was reached. Tonight the club will
discuss a paper by the Rev. Taylor
on "Should Christians Debate?" Wm.
Chappell will lead the debate for
the opposition and as "Liberty" is rather
long on shaking his foot a vigorous
talk is anticipated.

Mail for Far North

An employee of the Hudson's Bay
Company left Edmonton this week
with the winter mail for points in the
far north. This mail is destined for
Fort MacPherson, on the Peel River,
and intermediate points. The Ed-
monton man will drive north to Lac
la Biche with the mail, where it will
be placed in the hands of an ex-
perienced northern traveler, who
will take it north to Fort Resolution
by dog train, from there another man
will proceed with the balance of the
mail to Fort MacPherson. The trip
to Fort MacPherson will occupy three
months. When the mail was weighed
at the postoffice that morning it was
found that there were thirty pounds
of registered, thirty-seven pounds of
ordinary letters, and 886 pounds of
newspapers and magazines, making
a total of 953 pounds, the heaviest
mail ever received for the north at
one time.

MAKE READY FOR HOCKEY

PASS TOWNS MAKING PREPARA-
TIONS FOR WINTER PASTIME

COLEMAN HAS CANDY

High Speed Last Night and Team Be-
lieve Practice at Once—Expect to
Have Stronger Team Than Ever.
Believe Allow Making Preparations

With the approach of winter
weather, the first real sample of which
came this week, the towns of The
Pass are turning their attention to
preparations for indulging in the
great winter pastime, the national
game of hockey and two of the towns
have already taken active steps
towards putting teams on the ice.

As is usual in hockey matters Coleman
is taking the lead and the team
here is about ready to begin the pre-
liminary work. The club met dur-
ing the week and re-organized for
the season. The club finds itself in
good shape and will without doubt
be a strong contender for champion-
ship honors.

In lining up its team the club will
have as a nucleus four of its best men
of past seasons in White, Stitt, Simms
and Grisek while there is a great
abundance of new material, old play-
ers who have recently located in
Coleman and young players among
whom it is expected to develop some
good men. In addition to the old
timers mentioned, the club has
Harold Grady, probably the best goal in
this part of the country, Rhyma who
played with Stratford last season,
Pearson, formerly with Pittsburg and
Phillips of McGill. With these men
and the younger element the man-
agement of the club feel very confident
they have the "ready" and that they
will be able to give a good show-
ing this winter.

The club this season will be under
the management of Clayton and Mor-
rick. It is reported today that the
ice is also ready and the expecta-
tion is that skating will begin this
evening. The hockey team will be-
gin practice at once with a view to
getting a game for Christmas. It is
expected that either Leckie or
Morrie will be secured for that role.

The club will give a smoker at the
opera house the evening of December
13th to begin the financing of the
team. A fine program is in course
of preparation and the affair is sure
to be entertaining and successful as
the Coleman people are proud of
their hockey team and always give
the boys liberal support.

Blairmore is also making prepara-
tions for getting into the game. A
meeting was held during the week to
organize a fine club. Blairmore has
not the advantage in developed play-
ers that Coleman has, the club ex-
pects to make a good showing. The
Blairmore rink will be under the
management of Frank Knight who
is busy these days working ice and
who expects to be ready to open Sat-
urday night if the present weather
holds.

Frank has made no move as yet in
the matter of hockey and it is not
even known whether any attempt
will be made to open the rink.
Should there be no rink of course no
team effort will be made to organize a team
and the players here will likely com-
bine with Blairmore but it is hoped
some arrangement may be made to
get the rink going.

Bellevue will likely be in the game.
There is plenty material in the camp
for a team and the opportunity for
making a fine club is first class. A
meeting has been called to consider
the subject and as the Bellevue peo-
ple are good sports there is every
probability of provision for a rink
being made and the organization of
a team.

There is also a possibility that
Hillcrest and Passburg may do some-
thing though nothing definite is
known as yet.

J. N. Galer of the International
Coal & Coke company, Royal
Collieries, is spending the week in
The Pass.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan, Alberta, the Yukon Territory, the North West Territories and British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 per acre. Not more than 2,500 acres will be leased to one applicant.

Application for a lease must be made to the Agent or Sub-Agent of the district in which the lands applied for are situated.

In leased territory the land must be described by metes, or legal subdivisions of sections, and the leased territory the least specified must be stated out.

Each application must be accompanied by a fee of \$5, which will be refunded if the rights applied for are not available but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

Every Lessee of coal mining rights which are not being operated shall furnish the district Agent or Sub-Agent with a sworn statement to that effect at least once in each year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion lands.

W. W. Cory,
Deputy Minister of the Interior.

Frank News in Brief

Corporal Dykja of the local police detachment has been recalled to Macleod and is replaced by Corporal Noses, formerly stationed at Pincher Creek.

The experts of the plumbing department of the Crown West Pass Hardware company were kept busy this week saving householders from damage from broken water pipes resulting from the first real cold snap of winter which came Sunday night.

DENTISTRY—Dr. Bruce, head office: Micoed. Honor Graduate of Trinity University, Toronto, and Royal College of Dental Surgeons of Ontario, will have his next regular visit to Coleman on Dec. 9 and 10 and Frank Dec. 11 and 12. Please call and make appointments early.

Miss Birkbeck, representing the Gold Standard brand of food products, was at the Geo. Cobley company store the first half of the week demonstrating in those celebrated goods. Visitors to the Cobley store were treated to delicious samples of almost every manner of dainty prepared at the store from the various Gold Standard products.

The Dominion live stock commissioner has just issued a directory of the breeders of pure bred live stock in Canada. The object is to enable farmers wishing to improve their stock to know where in their communities they may secure pure bred males and females. The work is sent free on application to The Live Stock Commissioner, Ottawa.

An evidence that the far north of Alberta will not many years longer be known as "The Great Lone Land" is furnished by the fact that a newspaper is to be established at once at Athabasca Landing, hundreds of miles north of Edmonton. The paper is to be established by Messrs. Watson and Macquarrie and the first issue is expected to be out before Christmas.

The legion of friends of O. E. S. Whiteside, general manager of the International Coal & Coke company of Coleman, will learn with pleasure of his marriage which occurred November 25th at Sarnia, Ont. when Mr. Whiteside and Miss Ella Joyce Clark were joined in wedlock. The Frank Paper wishes to be numbered as one of the great circle of friends of Mr. Whiteside in this district who will join in extending all good wishes to himself and bride. Mr. and Mrs. Whiteside are now on their honeymoon and will reach Coleman about the twentieth.

W. J. Budd of the Rocky Mountains Cement company was down from Calgary Saturday.

The Frank school board has re-engaged the present teaching staff in the Frank school for another year, a fact which will greatly please the parents of the village.

The Rev. R. E. Finlay of Pincher Creek, superintendent of Methodist missions for this district, will preach Sunday evening at 7:30 at Knoch church. Communion will follow the service.

The Hillcrest Coal company established a new output record last week. The shipments for the week aggregated 473 tons, a considerable increase over any previous week in the company's history.

A four foot crib, 600 feet long has been put in along the bank of the Old Man at the Blairmore race track to prevent a recurrence of the damage which resulted last spring from the stream overflowing at that point.

Poultry raisers will find there is no need on the market to compare in egg results with the few chop the Pincher Creek Milling & Elevator company is putting out. Note the company's advertisement on another page.

Alex Goyett, dealer in furniture and wall paper.

The Supreme court has re-instated Joseph Hicks, the Macleod attorney who was disbarred some months ago for alleged unprofessional conduct.

Dr. C. E. Smyth of the Medicine Hat hospital, one of the most widely known physicians of the west, was married Nov. 23rd to Miss Sarah McKinlay, formerly matron at the hospital.

Harry Oldland the well known contractor, visited Frank yesterday.

J. S. Gusty, general manager for the P. Burns company, visited Frank the last of the week to overlook the affairs of the company in this district.

A most enjoyable dancing and whist party in which a large number of friends of Mr. and Mrs. D. N. Drain participated, was given at the Blairmore hotel at Blairmore last evening.

J. Fraser arrived during the week to take the position of master mechanic with the Hillcrest Coal Co.

Jake Waller, village councillor of Frank, has been appointed assessor and superintendent at Hillcrest to succeed Superintendent Colgrove, resigned.

J. R. McLean has his new store building at Hillcrest nearly completed and expects to be open for business by Christmas. Mr. McLean will have the postoffice.

G. P. Hill, managing director of the Hillcrest Coal Co. company, returned Monday from a business trip to Winnipeg.

The young men of Frank are planning to give a grand ball, probably New Years eve. The arrangements contemplate a very elaborate affair.

Justice of the Peace Wm. Sanvidge of Coleman has sold his teaming business and equipment to D. J. Hill of the Coleman Hardware company.

HEALTH Without MEDICINE

HEALTH CAN BE SAVED BY THIS NEW METHOD

All ailments are alike to OXYDONOR

It applies to all cases no matter what the form of disease may be. The human body is revitalized by oxygen from the air. No one can apply Oxydonor safely without benefit. No one is now incurable in any form of disease until the principles of life are lost by the irreparable destruction of some vital organ.

Oxygenation of the whole organism through the use of Oxydonor remedies and remedies all difficulties in any diseased condition as long as it is applied early enough. It has brought relief to Rheumatism, Gout, Sciatica, Neuritis, Nervous troubles, Bright's Disease, Catarrh, Indigestion, Dyspepsia, Bile, Piles, Diabetes, Eczema, Liver Kidney, Bladder and stomach ailments, Asthma, Hayfever, Larynx, Bronchitis, Paralysis, Chlorosis, Female troubles, Tumors, Abscesses, etc.

Mr. L. S. Neapolis, Alta., writes: "Received the Oxydonor and find it a source of great relief, although I have had it hardly a month. The first night I slept and rested better than for weeks and my bowels have moved regularly every morning while I used the Oxydonor during the night."

My general health is greatly improved. For years I have been compelled to take a physic every day and been subject to severe headaches and nervousness, but find them all disappearing and how thankful I am. My children say I look ten years younger, and I was sixty-six years old the 5th of May."
